OSC PLAYER ACCEPTED INTO NATIONAL DEVELOPMENT CENTRE (ONTARIO)

OAKVILLE, ON – The Oakville Soccer Club is excited to announce that OSC Goalkeeper Madison London has been accepted into Canada Soccer’s National Development Centre (NDC) for 2022.

The National Development Centre, formerly the REX program, provides selected youth players with advanced curriculum training against elite talent from across the Province. Through the program, players train five days per week while focusing on development across the four corners of the LTPD Model (Long-Term Player Development).

London, who has played with the OSC OPDL program for several years, is ready for the next step, “I am beyond excited to start the program...I know I will be pushed out of my comfort zone but ready to take on the challenge. My goal is to one day be playing and representing Canada.”

On the appointment, Chris Grierson, OSC’s Senior Technical Director said “This is a wonderful opportunity for Madison and something that she has worked extremely hard to achieve. When you consider what Madison, along with all players, have had to endure throughout the past few years, including limited structured soccer - It just shows her commitment to personal development. On a Club level, this also highlights the great work being delivered by all coaches. We hope that OSC can continue to support Ontario Soccer and Canada Soccer with their programs in the future.”

The Oakville Soccer Club would like to wish Madison the best of luck in 2022 and is excited to watch her continue to grow as a player.

OSC would also like to congratulate two other OSC OPDL players: Victoria Hawkins and Adriana Bianchin were both invited to the NDC combine in late 2021 and represented the Club extremely well.
